July 4th parade

We are not participating in the parade this year.

Hockey Operations

Checking: Did MN over ride the checking rule? We do not think so.

Goalie evaluation: We will bring in an independent team to judge the goalies for tryouts.

Mite STP was successful.

Tom Beatie is the goalie coordinator.

Coach Certification: We will set up a class and possibly combine with AVHA.

Finance:

Jim H has the financial report and will present at the next meeting. Registration fees stay the same.

Girls Coordinator:

REV will remain combined for this next year. The number of girls has fluctuated from year to year, but has basically remained stable.

RAHA has meeting on July 17th with IGH to determine amount of ice. Expectation is that we will get the same amount of ice as last year. If that is the case, RAHA will continue to provide the ice for the girls program. In order for third graders to move up to U10, the numbers need to work out. They will also need to be able to demonstrate basic skills (e.g., skate forward, backward).

Still assessing how to handle U14 clinics.

We will form a REV grievance committee. It will include the senior girls' coordinator and an officer (VP from RAHA and secretary from EVHA) from both associations.

Changes to the EVHA Board Meetings for the rest of the summer:

July 13th Cancelled

July 27th: Time changed to 8pm

August 10th: Cancelled

August 24th: Time Changed to 8pm
