SUMMER SKILL DEVELOPMENT

Eastview Girls Hockey Summer Program

15 Hours of Ice, plus off-ice

Instruction provided by Eastview High School Girl's Coaching Staff

Two Levels:
Grades 4-7 and Grades 8-12

Program Focus

The focus of the Eastview Hockey Summer Program is to provide athletes a training program in a challenging, fun and safe environment. The goal is for all athletes to develop and improve skills in the areas of skating, stick-handling, shooting, passing and hockey sense.

Practicing correct technique through repetitions has proven to improve an athletes ability to perform certain skills. In the Eastview Girls Hockey Summer Program athletes will be taught proper technique and will have the opportunity to perform and practice these techniques in different situations.

Techniques will be learned through a series of drills, small sided games and competitive situations. Players will be pushed to perform outside of their comfort zone. We will teach the skill, practice the skill, and then will increase the tempo while performing a skill so athletes can perform skills at game speed.
